

SAVE TIME. SAVE FUEL. SAVE YOUR BACK.

If you use your truck for plowing snow and personal errands, the Meyer EZ-Mount Xpress is the choice for you. Remove the plow in as little as 11 seconds and you're on your way to saving time and fuel. And when you need to get back to the job of plowing snow, simply drive up and the EZ-Mount Xpress automatically centers and locks the plow. No pins. No holes. No twisting. No turning. No hassles. Steel moldboards available in 7.5', 8', 8.5' & 9' widths.
